Financial Allocation Study for Texas **2013**

Connecting the Dots:
School Spending and
Student Progress

Campus Listings K-Z (pages 126-249)

From Abbott to Zephyr, every school district in Texas receives a Financial Allocation Study for Texas (FAST) rating ranging from one to five stars. See how well your district fares in its relative academic progress and spending.

The Comptroller's Financial Allocation Study for Texas (FAST) examines both academic progress and spending at Texas' school districts and campuses. The following table profiles each Texas school campus, with an assigned FAST rating of one to five stars indicating its success in combining cost-effective spending with the achievement of measurable student academic progress. Five stars reflects the strongest relative academic progress combined with the lowest relative spending.
